HOW TO CHOOSE AN IN-HOME CARE AGENCY

When you want to continue living at home, but need some extra assistance, in-home care is a great option. It helps you maintain independence while making sure your needs are fully met. Take the time to research different agencies. As part of your research, ask the following questions and be sure an agency can answer them to your satisfaction. **Valley VNA's** answers are provided on the back.

1. **WHAT RANGES OF SERVICES ARE AVAILABLE?** You'll want to be sure an agency can meet your needs both now and in the future, if your care requirements change.
2. **WHO ARE YOUR CAREGIVERS? DO YOU HAVE REGISTERED NURSES ON STAFF?** For your own safety, it's important to know who is coming into YOUR home and caring for you. Having Registered Nurses on staff provides extra quality assurance, can act as a resource if caregivers spot medical symptoms or other hazards and help with communication with your doctor.
3. **HOW DOES THE AGENCY HANDLE PROBLEM-SOLVING?** It's important to know how problems will be solved. Formal quality control policies and procedures should be in place, and the agency should be able to clearly explain them to you.
4. **HOW ARE FEES DETERMINED? WHAT PAYMENT OPTIONS ARE AVAILABLE?** Fees are related to the type of care given, so it's important to know what you're getting. Private pay, county funding, veterans benefits and long-term insurance are the most common payment sources.
5. **HOW LONG HAS YOUR AGENCY BEEN IN BUSINESS, AND WHAT'S YOUR COMMITMENT TO THE COMMUNITY?** It's critical to find out what experience the agency has in providing in-home care. It's also important to remember that agencies affiliated with national chains may use your fees to support out-of-state headquarters.
6. **CAN WE SET UP A TIME TO MEET AND DISCUSS DETAILS OF MY CARE NEEDS?** It's important that you meet an agency representative in person, in your home, to make sure you feel comfortable with the agency and its policies.

**Be sure an agency can answer these questions to your satisfaction.
If not, continue your search until you find one that does.**

- 2. WHO ARE YOUR CAREGIVERS? DO YOU HAVE REGISTERED NURSES ON STAFF?** *Valley VNA* looks for experienced caregivers, and we always try to match caregiver/client personalities for a good fit. All employees also go through a rigorous screening process, including background and reference checks, and are bonded and insured through our agency. Our Client Care Coordinators (RNs) develop the care plan with the client, supervise caregiver services and conduct follow-up calls.
