

## Spring Fling a Great Success!

On April 22nd we had our first Spring Fling event and it was a wonderful time for all. There was an 8-piece band who performed songs ranging from the big band era to polkas, which in turn had several people up and dancing. There was a lot of reminiscing and sharing of good times past and present.

Thanks again to Bill Mauthe for organizing the first of what will now be an annual event; and to all staff who helped out!

## Video Shoot

Valley VNA has been invited to be part of the City of Neenah's website. That means if you click on the City's website, you will see a direct link to Valley VNA. We are in the process of developing a 60 second video that highlights Valley VNA and the services we provide. On April 15th, a professional filming crew was here to shoot the video. Thanks to all the volunteers who helped make this possible - and stay tuned for when the video is up and running!

## Enjoying the Outdoors

As the weather turns warmer, we look forward to spending more time outdoors with our residents. If you are visiting with a family member, feel free to go out and relax in the courtyard or the Schmerein garden. If you need assistance with your family member, the staff will be happy to help you.

## Sterling Gardens Shoppe

We are trying something new in partnership with Sterling Gardens. On May 12th - 10am-3pm, Sterling Gardens will provide a "shopping opportunity" here at Valley VNA. They will bring a variety of items sure to be of interest. Stop by the front lobby and see what they have to offer.
