

## **Marian Drexler Administrative Assistant Assisted Living Team**

Marian has lived in the area for over 30 years and has worked for Valley VNA since 2006.

Marian is often the first person you see or talk to when you come to Valley VNA. As Administrative Assistant for the Assisted Living, she mans the front desk and phone during the work day. In addition, Marian assists with tours and is there to welcome new residents and help them and their families with the “move-in” process.
